## School Elena Doamna from Tecuci, ROMANIA

**Participants:** **341** students - 6-10 years old

**Teachers :** 13 teachers

We convinced other **603** people (parents, grandparents, other relatives and friends from other schools who weren't involved in the

campaign) to walk, to use bikes during the project (24<sup>th</sup> October – 10<sup>th</sup> November 2011).

We also used the school bus or town buses instead of our parents' cars to come to school , when necessary .

**Distance from Bucharest to Durban: 8285 km**

**Number of green footprints collected: 3934**

We hope our campaign was useful and the adults learnt that we ALL must take care of our planet.
